The Road to and Through Impressionism

Wednesday, April 19 @ 7 p.m.

This lecture, presented by art historian Fred Dixon, will describe how art history progresses as the art pendulum swung throughout the 19th century. Paintings by Morisot, Pissarro, Sisley, Renoir and Monet are now considered the height of serenity and beauty but that was not always the case. See their art and discover how the painting styles of Renoir and Monet changed during their careers. Hear how Impressionism got its name and why it was considered vulgar and ridiculous early on. Dixon will be available to sign his book "700 Years Of Art History: Pre-Renaissance To Modernism" that will be offered at the deep discounted price of \$35.
